Learning Setting: Individual lessons :

First come, first served. A Japanese volunteer tutor will help you learn and practice Japanese language on a one-on-one basis. You and a volunteer person meet once a week for 1 to 1.5 hours per one lesson. We will arrange the first lesson. After the first lesson, two of you organize the following lesson schedule.

Fee: ¥1,000 for a quarterly fee.

**Please have in mind before you sign up;**

**Most of our tutors are NOT certified Japanese Language teachers, which means they cannot give you pedagogical/grammatical explanations in logical and systematic way. You may want to consider this one-on-one lesson program as occasions/chances to practice your conversational skills.**

Currently we have a long list of prospective learners. It is very likely for us to take months to arrange the first lesson.

We will contact you by emailing to schedule your first lesson. Please check your email boxes including spam box for emails from us.
